LHB 10/ ROYAL VICTORIA AND ASSOCIATED HOSPITALS

Introduction

The National Health Service (Scotland) Act, 1947, set up Regional Hospital Boards and, within them, Boards of Management responsible for the administration of groups of hospitals. This system operated until the reorganisation of the National Health Service in 1974.

The Edinburgh Royal Victoria and Associated Hospitals Board of Management formed part of the South Eastern Regional Hospital Board and consisted of the undernoted hospitals. Reference numbers in brackets refer to pre 1948 records of these hospitals.

From 1974 to 1984 these hospitals, with the exception of the Royal Victoria Hospital, formed part of the South Lothian District of Lothian Health Board (see LHB28). The Royal Victoria Hospital formed part of the North Lothian District (see LHB27).
